ABOUT US

Felix Hospital is an ultra-modern hospital with design to meet international standards and well equipped to provide a full range of in-patient and out-patient services. Felix Hospital is a NABH and NABL accredited Multi and Super Speciality hospital. Formed by a group of eminent doctors and healthcare professionals, it is known for providing quality health care services at affordable costs. Felix received NABH accreditations and CGHS/GIPSA empanelment in the shortest time.

The cornerstones of Felix are its unstinting focus on clinical excellence, affordable costs, and modern technology. With the vision of Dr D.K. Gupta, Felix takes the spirit of leadership well beyond business and has embraced the responsibility of keeping India healthy. Dr D.K. Gupta believes that continuously educating people about preventive healthcare is the key to wellness. Felix believe in leveraging technology to facilitate seamless healthcare delivery

Felix hospital has been awarded by Asia Magazine and URS Media as “World’s Greatest Brands” and is one of the best-rated hospitals in Delhi NCR by Google and other Social Sites.

Since its inception, Felix has been honoured by the trust of over 150 million individuals who come from 140 countries. At Felix, the patient-centric approach is the magic that inspires hope amongst its patients.

Vision

Felix hospital aims to provide World Class Quality Healthcare Services for all.

Mission

Felix hospital aims to provide World Class Quality Health Services for all.

From The Chairman's Desk

There is nothing satisfying than seeing my dream of providing world-class healthcare service to anyone in need, at an affordable price has turned into reality under the brand name Felix Hospital.

With eminent doctors leading each practice in Felix, we are committed to delivering world class healthcare to an increasing number of people who have come to consider Felix as their preferred choice. Our outstanding team of nursing, technical and support staff strive to ensure the best treatment outcomes as well as providing an unparalleled experience while at Felix.

For us, the patient is the most important person. There is nothing better than seeing a happy and satisfied patient. My sincere wishes to all the patients and their family members for their wellness.

Dr D K Gupta
Chairman and Managing Director

NEUROSCIENCE

Neurosurgery a branch of surgery involved with the brain injury, spine and nerves, is a key specialty at Felix hospital. Our neurosurgery doctors treat neurological diseases such as brain injury or diseases, head injury, spinal injury, brain tumors, spinal tumors, brain hemorrhage, hydrocephalus, nerve injuries, tumors, disc prolapse or herniation, spinal dislocation, unstable spine, congenital malformations like atlanto-axial dislocation, spinal dysraphism etc. Treatment of seizures or epilepsy as well as modern treatments for movement disorders like Parkinson's disease are further specializations. More than 1000 major neurosurgeries are being carried out every year.

Our neurologists will check for complex neurology diseases and conditions of the patient and provide treatment based on the observation.

Today, Neuroanaesthesia, Neurosurgical intensive care and Neuro-imaging technology have advanced so much that mortality has significantly reduced and functional outcomes have improved tremendously. Minimally invasive techniques help decrease the mortality and morbidity associated with surgery.

With a team led by some of the best neurosurgeons in India, preservation of all functions, good cosmetic outcome, shorter hospital stay and avoiding pain and discomfort are considered as important as saving a patient's life. The integrated team of neurologists, neurosurgeons, neuroanesthetists, neuro physicians and intensivists along with rehabilitation specialists are dedicated to this goal.

ONCOLOGY (MEDICAL ONCOLOGY & SURGICAL ONCOLOGY)

PATIENT REVIEW

Bhavana Khare

My mother-in-law Mrs. Shanti went to Felix hospital for her knee pain treatment. She was feeling difficulty in walking but now after taking physiotherapy treatment from Dr. Prafula Shrivastava, she is able to walk painlessly. He planned her treatment which was followed by Dr. Tulsi and Dr. Deeksha. She felt so much improvement in pain and she is able to walk efficiently. I would like to say thanks to all the Felix physiotherapy team. My mother-in-law is very satisfied from the Felix physio team.

Irfan Saifi

Very good doctor and nurses

Mamta Singh

It was a very nice experience in Felix Hospital, especially Dr. Manisha Tomar, nurses and all staff were very supportive and helpful. Will recommend this hospital to everyone.

Shweta Shukla

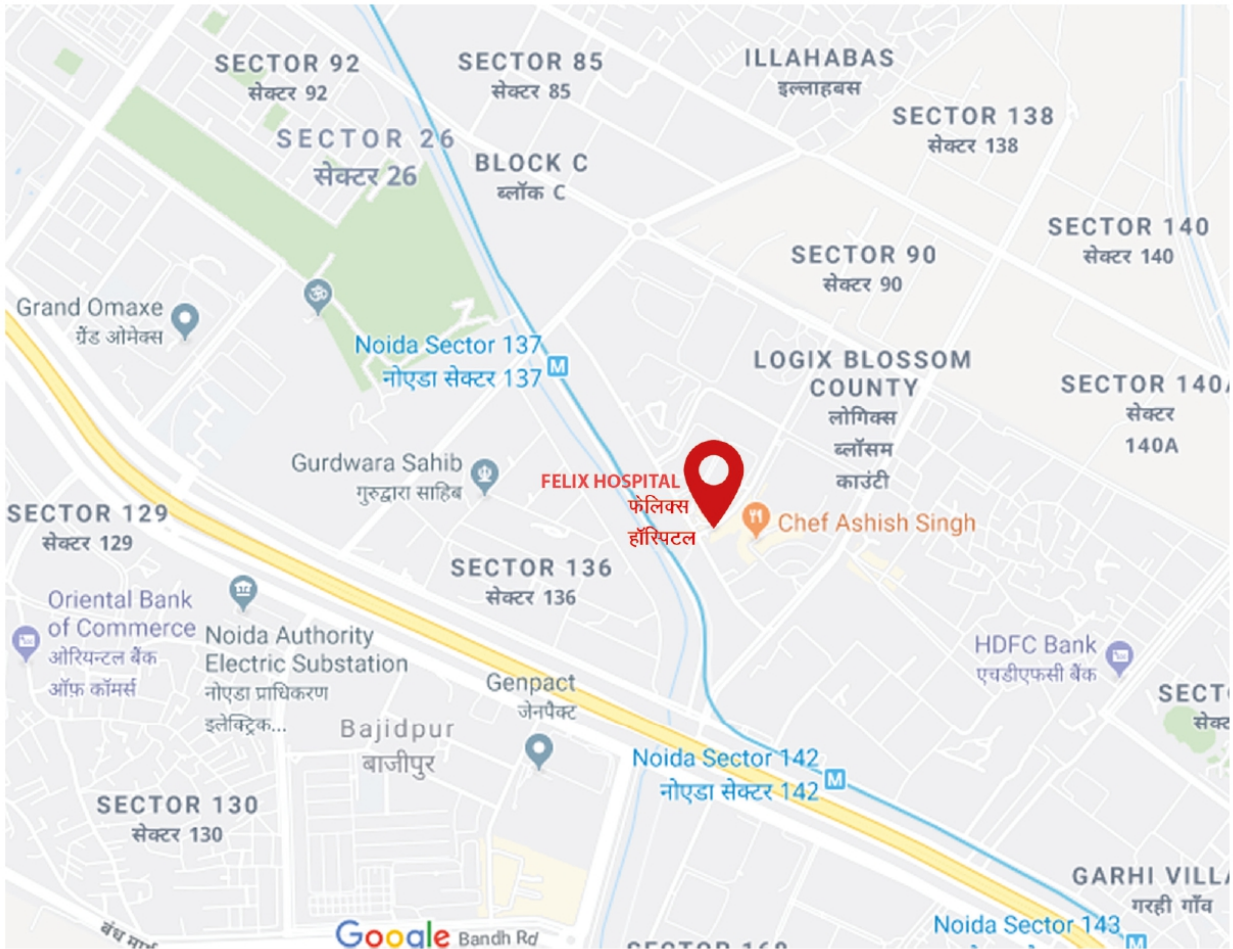

Had a wonderful experience in my first delivery of a baby boy. I would appreciate the work of Dr. Manisha Tomar and all other hospital staff and nurses.

EXPANSION PLAN

- Opening of multiple super speciality branches across country
- Opening of IVF Unit
- Inhouse MRI facility
- Kidney Transplant
- Organ transplant,
